Judge James A. Shea of the probate court has approved the agreement entered into between the selectmen of the town of Windham and Edwin J. Somers of Ash street, looking toward the adoption by Somers of the daughter of his deceased wife, who was formerly divorced from her husband and the father of the girl. Jessie Eva Sands. At the hearing of the case list Saturday, the testimony showed that the girl's father had done practically nothing toward her support, but that Mr. Somers had looked after her. The hearing was a lengthy and interesting one, and reported in full in Monday's Bulletin. Fined For Breach of Peace. When the case against George W. Bingham of Windham came up in the police court on charges of assault and breach of the peace was nolled, in view of the circumstances of the case, and the accused pleaded guilty to the breach of the peace, and was released on payment of a fine and costs amounting to \$16.40. It appears from the statements made to the court that Birgham got the worst of the fight with Luther B. Armstrong which occurred Sunday. The difficulty started over the sale of a caif which Armstrong wanted, but which Bingham sold.
